

Network Connectivity

- Local Area Network (LAN) plan worth Rs. 163.26 lac has been implemented by NIC. LAN has been installed at head office and 21 District Statistical Offices (DSO) while in one DSO (Pathankot) it is pending due to shifting of office building.
- The proposal of Computer hardware and Software worth Rs. 150.27 lac, has been implemented under which all hardware and software have received from NICS.
- An independent website of DES Punjab (www.esopb.gov.in) has been prepared by NIC, Punjab.
- The work of WAN connectivity through PAWAN has been entrusted to BSNL. Connectivity is operational in some districts and the rest of the work will be completed very shortly.
