

GOVERNMENT OF PUNJAB

BASIC STATISTICS FOR LOCAL LEVEL DEVELOPMENT

FOREWORD

The Ministry of Statistics & Programme Implementation, Government of India had launched a survey on Basic Statistics for Local Level Development (BSLLD) on the recommendation of National Statistical Commission for developing a system of regular collection of data on a set of core variables to be compiled at local level for micro level planning . For this study, District Roopnagar was selected on pilot basis in Punjab. Data base containing the information on some key sectors like basic facilities, asset acquisition, distance from the nearest facility, demographic information, morbidity, health man power, education, land utilization, live stock and poultry, number of storage and marketing outlets and employment status will be prepared.

The BSLLD Survey has been completed under the overall supervision of Sh. Ram Lubhaya, Dy. Economic & Statistical Adviser, Roopnagar who was guided by Sh. Tirath Singh, Joint Director. The day to day handling of survey in the field by Smt. Baljit Kaur, District Statistical Officer, Roopnagar is appreciable. The cooperation of Department of Rural Development and Panchayats in general and panchayat secretaries in particular who conducted field survey with the help of other line departments is appreciable. Acknowledgment is also made for data entry work done by Sh. Harpal Singh Sodhi.

I am highly thankful to Sh. Arunjit Singh Miglani I.A.S. Deputy Commissioner, Roopnagar for extending full cooperation by giving instructions to field functionaries for early completion of the pilot survey.

I hope this survey would go a long way in achieving the desired goal of providing data on core variables for decentralized planning.

MOHAN LAL SHARMA
Economic Adviser

BASIC STATISTICS FOR LOCAL LEVEL DEVELOPMENT (BSLLD) – A PILOT STUDY

1. INTRODUCTION

1.1 The 73rd and 74th constitutional amendments empowered panchayat raj institutions and local bodies by according constitutional status to these institutions and enabling them to take up their development process themselves. Various departments are implementing a number of schemes for socio-economic development for rural areas but the required data is not easily available to assess the development at the local level. Due to non-availability of relevant data, local priorities and local requirements could not be reflected properly in the State Plans. Keeping in view the above, the National Statistical Commission recommended to prepare a data base for local level development by regulating flow of data from the grass root level to micro level.

1.2 As per the recommendations of National Statistical Commission (NSC), the Central Statistical Organisation, Ministry of Statistics and Programme Implementation (MOSPI), (Govt. of India) decided to carry out a pilot study in the entire country to collect the basic statistics for the local level development. The Panchayat Secretaries / Gram Sewaks of the Deptt. of Rural Development and Panchayats are entrusted the work of data collection in the prescribed schedules in co-ordination with the village level functionaries of line departments such as Patwaris/ Anganwari workers, ANMs, and Village elders etc. Directorate of Economics and Statistics of respective States were declared nodal agencies to train the Gram Panchayat Secretaries / Gram Sewaks for coordination and monitoring as well as to supervise the data collection process. The Scheme is being implemented as a Central Scheme on a pilot basis in all States covering one/two districts in each state.

2. METHODOLOGY

The prescribed schedules A and B as approved by the High Powered Expert Committee were supplied to all the field level functionaries.

Schedule “A” is a periodic dataset for which data was to be collected once in a year. The data was collected for the reference year 2009. This includes data on basic facilities, asset acquisition, distance from the nearest facility, demographic information, morbidity, health man power, education, land utilization, live stock and poultry, number of storage and marketing outlets and employment status.

Schedule “B” is dynamic in nature and information in this schedule was to be collected on monthly basis. The data was collected for the month of March, April and May, 2010 respectively. This includes demographic information, morbidity, disability and family planning, migration, other social indicators and industries and business (No. of small scale enterprises and workers therein).

3. DISTRICT ROOPNAGAR - AN INTRODUCTION

3.1 The State of Punjab is situated in the North-Western corner of the country. Punjab is bound on the West by Pakistan, on the North by Jammu & Kashmir, on the North-East by the Himachal Pradesh and the South by Haryana and Rajasthan. The State has 84 percent of its total area (50.33 lac hectares) under cultivation which is highest among the states and contributes significantly to the Central Pool with about 44 percent of wheat and 25 percent of rice. The state also leads the country with cropping intensity (190), net area irrigated to net area sown (95.4%), per hect. yield of rice (38.7 Qtl) and barley (33.7 Qtl). In Punjab, SC population is 70.29 lac out of total population of 243.59 lac of the State i.e. 28.85 percent which is highest in the country.

3.2 The district Roopnagar formerly known as Ropar is named after its district headquarter. The town of Roopnagar is said to have been founded by a Raja called Rokeshar, who ruled during the 11th Century and named it after his son Rup Sen. It was carved out on 1st November, 1966 at the time of reorganization of the State of Punjab from two portions taken from the districts of Hoshiarpur and Ambala in the old Punjab. The district comprises four tehsils viz. Roopnagar, Chamkaur Sahib, Nangal and Anandpur Sahib and five towns. A historic treaty between Maharaja Ranjit Singh and Lord William Bentick, the British Governor General, was signed on 26th October, 1831 at Roopnagar. The place of treaty is situated on the bank of river Satluj.

3.3 The major tourist attraction place in the district is Bhakhra Dam at Nangal. The other places of religious / historical interest are Gurudwara Keshgarh Sahib at Anandpur Sahib where the birth of Khalsa took place on Baisakhi Day in 1699. Gurudwara Keshgarh Sahib is regarded as one of the five sacred 'Takhats' or seats of Sikh religion. Gurudwara Patalpuri Sahib at Kiratpur Sahib is of great religious importance where the Sikhs immerse ashes of their departed souls at river Satluj. At Chamkaur Sahib two elder sons of Guru Gobind Singh attained martyrdom while fighting the mughal forces.

3.4 The district was once regarded as educationally backward but has now made appreciable improvements in this field. With the establishment of the campus of Indian Institute of Technology, district is also developing as an educational hub.

4. PILOT STUDY

4.1 For this Pilot Study the training workshop was organized at district headquarter to impart training to the Panchayat Secretaries/Gram Sewaks of the department of Rural Development and Panchayats along with the officers/officials of the line departments like Civil Surgeon, District Revenue Officer, District Education Officer (S&EE), District Programme Officer, District Development and Panchayat Officer, Deputy Director Animal Husbandry. The field work for this survey was carried out by Panchayat Secretaries in each block. Field work was supervised by the officials of District Statistical Office as well as from Directorate of Economics and Statistics (Headquarter) Chandigarh.

4.2 It has been found that almost all the information in respect of schedule A and B was available with village level field functionaries like Anganwari worker, ANM, Panchayat Secretary and Patwari etc. Anganwari workers visit each household every year in the month of January - February and maintain register of complete record of the each household within their jurisdiction and after that the data is regularly updated by them. Information regarding morbidity and employment status was not available and has been collected from some knowledgeable persons of the concerned village. Data like land utilization, enrollment & dropout statistics and data related to health was collected from concerned officials/institutions directly.

REPORT ANALYSIS

5.1 PERIODIC DATA SETS

1 & 2. METALLED ROAD & ALL WEATHER ROAD

There are 586 villages in district Roopnagar having 659 village Panchayats. All are connected with metalled and all weather roads. Block wise details are as under:-

BLOCK	No. of villages connected with	
	Metalled Roads	All weather Roads
ROOPNAGAR	197	197
CHAMKAUR SAHIB	101	101
MORINDA	66	66
ANANDPUR SAHIB	155	155
NURPUR BEDI	140	140
TOTAL	659	659

3. HOUSEHOLDS LIVING BELOW POVERTY LINE

In the District 5521 families were reported to be living below poverty line. The block wise details are as under:-

BLOCK	No. of BPL Household	%age to BPL households
ROOPNAGAR	531	10
CHAMKAUR SAHIB	731	13
MORINDA	864	16
ANANDPUR SAHIB	1979	36
NURPUR BEDI	1416	25
TOTAL	5521	100

It has been depicted that Block Anandpur Sahib has the highest number of BPL households 1979 (36%) followed by Nurpur Bedi 1416 (25%), Morinda 864 (16%), Chamkaur Sahib 731(13%) and Roopnagar 531 (10%).

4 & 5. DISABLED POPULATION SEX WISE & TYPE WISE

There are 2887 disabled persons in the rural areas of the district which includes 1656 (57.4%) males and 1231 (42.6%) females. Block wise details are as under:-

BLOCK	MALE	FEMALE	TOTAL
ROOPNAGAR	521	367	888
CHAMKAUR SAHIB	164	105	269
MORINDA	271	131	402
ANANDPUR SAHIB	307	286	593
NURPUR BEDI	393	342	735
TOTAL	1656	1231	2887

DISABLED POPULATION TYPE WISE

Among the total 2887 disabled persons found in the Roopnagar district, 1227 persons (42.5%) were suffering from locomotors disability followed by hearing 868 (30.1%), mental 276 (9.6%), visual 269 (9.3%) and speech 247 (8.6%). Block wise details are as under:-

BLOCK	Locomotors	Hearing	Mental	Visual	Speech	Total
ROOPNAGAR	483	127	94	95	89	888
CHAMKAUR SAHIB	88	44	41	51	45	269
MORINDA	214	54	55	26	53	402
ANANDPUR SAHIB	183	286	46	50	28	593
NURPUR BEDI	259	357	40	47	32	735
TOTAL	1227	868	276	269	247	2887

6. STORAGE AND MARKETING OUTLETS

There are 199 fair price shops, 29 regular markets, 10 cold storage, 8 godown and 2609 other shops in the rural areas of the district. The block wise details are as under:-

BLOCK	Fair Price shops	Mandis / Regular markets	Cold storages	Godown warehousing facility	Other shops
ROOPNAGAR	72	7	4	3	554
CHAMKAUR SAHIB	16	0	0	1	215
MORINDA	33	10	0	0	183
ANANDPUR SAHIB	42	5	1	1	875
NURPUR BEDI	36	7	5	3	782
TOTAL	199	29	10	8	2609

7. EMPLOYMENT

In District Roopnagar it has been recorded that more than 33% persons are engaged in agriculture sector, more than 10% in non-agriculture sector, 5% are rural labour and 11% are unemployed.

5.2 DYNAMIC DATA SETS

1. NUMBER OF LIVE BIRTH AND STILL BIRTH

Number of births (both Live & still) reported during the months of March, April and May are 570, 433 and 332 respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	56	74	130	46	37	83	31	19	50
CHAMKAUR SAHIB	18	16	34	13	11	24	8	8	16
MORINDA	30	43	73	44	32	76	22	17	39
ANANDPUR SAHIB	141	105	246	95	81	176	76	62	138
NURPUR BEDI	41	46	87	35	39	74	51	38	89
TOTAL	286	284	570	233	200	433	188	144	332

2. NUMBER OF DEATHS BELOW ONE YEAR

Number of deaths below one year reported during the months of March, April and May are 14, 9 and 13 respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	0	2	2	0	0	0	0	0	0
CHAMKAUR SAHIB	0	0	0	1	0	1	1	1	2
MORINDA	3	0	3	0	0	0	2	0	2
ANANDPUR SAHIB	4	3	7	2	4	6	4	1	5
NURPUR BEDI	1	1	2	0	2	2	2	2	4
TOTAL	8	6	14	3	6	9	9	4	13

3. NUMBER OF MTP CASES

Number of cases of Pregnancy terminated by Medical Practitioners recorded during the months of March, April & May are 28,9 and 4 respectively. The block wise details are as under:-

BLOCK	MARCH	APRIL	MAY
ROOPNAGAR	2	0	0
CHAMKAUR SAHIB	7	5	1
MORINDA	2	1	0
ANANDPUR SAHIB	11	2	2
NURPUR BEDI	6	1	1
TOTAL	28	9	4

4. NUMBER OF INDOOR PATIENTS

The number of patients reported indoor in PHCs / CHCs were 260, 265 and 338 during the months of March, April & May respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	14	17	31	28	20	48	12	25	37
CHAMKAUR SAHIB	10	10	20	11	12	23	17	12	29
MORINDA	16	25	41	13	19	32	15	22	37
ANANDPUR SAHIB	19	37	56	22	33	55	41	50	91
NURPUR BEDI	50	62	112	49	58	107	65	79	144
TOTAL	109	151	260	123	142	265	150	188	338

5. IN MIGRATION

345, 138 and 142 persons were reported to have migrated in Roopnagar district during the months of March, April & May respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	34	37	71	27	27	54	22	23	45
CHAMKAUR SAHIB	19	29	48	12	11	23	12	15	27
MORINDA	47	14	61	35	16	51	49	21	70
ANANDPUR SAHIB	54	37	91	4	0	4	0	0	0
NURPUR BEDI	36	38	74	3	3	6	0	0	0
TOTAL	190	155	345	81	57	138	83	59	142

6. OUT MIGRATION

629, 299 and 289 persons migrated out of the Roopnagar district during the months of March, April & May respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	149	119	268	41	41	82	29	22	51
CHAMKAUR SAHIB	172	33	205	31	18	49	35	18	53
MORINDA	85	37	122	96	49	145	105	41	146
ANANDPUR SAHIB	30	0	30	12	0	12	8	0	8
NURPUR BEDI	2	2	4	7	4	11	17	14	31
TOTAL	438	191	629	187	112	299	194	95	289

7. VIOLENCE AGAINST WOMEN

Only 3 cases of violence against women were reported during the reference period in the district i.e. March – May, 2010.

8. PAID WORKERS IN ENTERPRISE

9491, 8763 and 8116 persons were found as paid workers during the reference period of months March, April & May respectively. The block wise details are as under:-

BLOCK	MARCH			APRIL			MAY		
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL
ROOPNAGAR	1912	998	2910	1841	1004	2845	1760	991	2751
CHAMKAUR SAHIB	2650	1398	4048	2647	1369	4016	2197	1237	3434
MORINDA	0	0	0	0	0	0	0	0	0
ANANDPUR SAHIB	1146	580	1726	1031	578	1609	1042	588	1630
NURPUR BEDI	588	219	807	254	39	293	511	82	301
TOTAL	6296	3195	9491	5773	2990	8763	5510	2898	8116

6. LIMITATIONS OF THE STUDY

1. The information maintained by anganwari workers was found more reliable as it is collected from each household but it has not been compiled by them as per the requirement of village schedule A and B designed for this survey.
2. In Education Statistics, data is not available for all the students of the village. Data regarding students who go to school situated outside the village or in the city area, is not available with this village. At the same time data is available in the village for the other components/departments, if any. If there is no school in the village, no data is available for education sector.
3. In case of Health Statistics, the village wise data is not maintained by PHC/CHC/SC separately. Besides, many villagers do not visit PHC/SC but they get treatment from the hospitals situated outside the village. Therefore, no record for such patients is available in that village.
4. It is difficult to get the annual updating of data regarding live stock, as live stock census is conducted once in 5 years in the State and further no updation has been made regularly for the intervening period.
5. No record is maintained specially for the data regarding morbidity, employment status, social indicators like street children / beggars etc. at the village level. This information has been collected from knowledgeable persons of the village. Therefore, it is based on the views expressed by some knowledgeable persons which could not be cross checked.

7. SUGGESTIONS

1. Instructions as well as schedules should be bilingual i.e. English and Local language as most of the field level officials/functionaries were unable to understand the schedules properly.
2. For the sake of uniformity in data it would be appropriate that the codes may be got printed in the schedules itself because most of the blocks in schedules are related to the different field level functionaries / Departments. If the source of information of certain block is more than one, then two or three codes may be added in that block so that the code may be circled as per the source of the information.
3. Due to acute shortage of the staff in Panchayati Raj Institution, Panchayat Secretaries faced many problems in handling this work. Besides, the officers/officials of District Statistical Office faced many difficulties in coordinating with them due to their busy schedule. For the solution of this problem out sourcing of survey field work will also be considered after due consultation with MOSPI.
4. More vigorous and complete training in small batches to the field level functionaries from CSO would be more fruitful.

8 . PROBLEMS REGARDING SOFTWARE

1. No report is displayed to check how many schedules have been entered.
2. No report is displayed regarding data of which schedules have been entered.
3. No report is displayed showing the particular block against which schedules entered/not entered.
4. No reports is displayed regarding Tehsil-wise or Block-wise list of villages entered.
5. Aggregation report of particular Tehsil/Block is not generated.
6. Code wise aggregate report of a particular tehsil / block / district is not generated.
7. Information regarding different checks/quarries is not available in the software e.g. list of those villages where primary education facility does not exist as well as some other basic facilities.
8. In some cases (mostly where schedules are more than 100) lot of problems being faced when entering / compiling data of a particular Tehsil / Block .
9. In case a wrong entry of the name of a Tehsil/Block/Panchayat/Village is made, there is no provision to delete or modify it.
10. Software doesn't commulates the percentage employment status of the tehsil / block.

9. DETAILED REPORT OF DISTRICT ROOPNAGAR

9.1 PERIODIC DATA SETS

BASIC STATISTICS FOR LOCAL LEVEL DEVELOPMENT

Tabulation Plan

State : PUNJAB	District : ROOPNAGAR
Year : 2009	

Aggregation at District Level

1	No. of villages connected by metalled road (distance code '00')	659
2	No. of villages connected by all weather road (distance code '00')	659
3	No. of households below poverty line in District	5521
